Please take to your local news paper for publication.

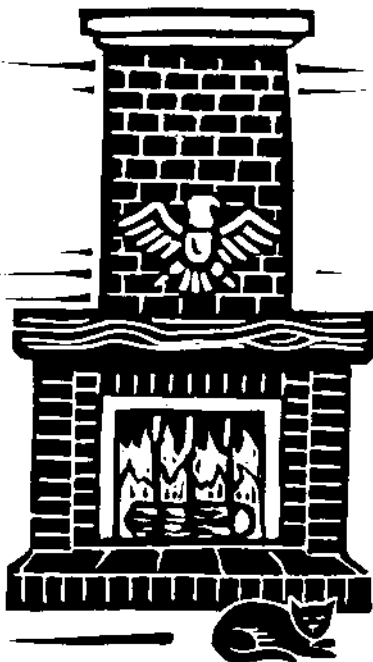

# CHECK YOUR HOT SPOTS

Nothing is cozier than a fire...as long as it stays in the fireplace! Something to remember:

Have your chimney cleaned regularly, because creosote build-up from burning wood can ignite your roof, chimney... even the whole house!

If you have questions, ask the fire department. Fire prevention is their mission. Make it yours too!

A message from your local fire department, LLR - Office of State Fire Marshal, and the U.S. Fire Administration.
